Saikat Bishal

CREATIVE DESIGN PORTFOLIO

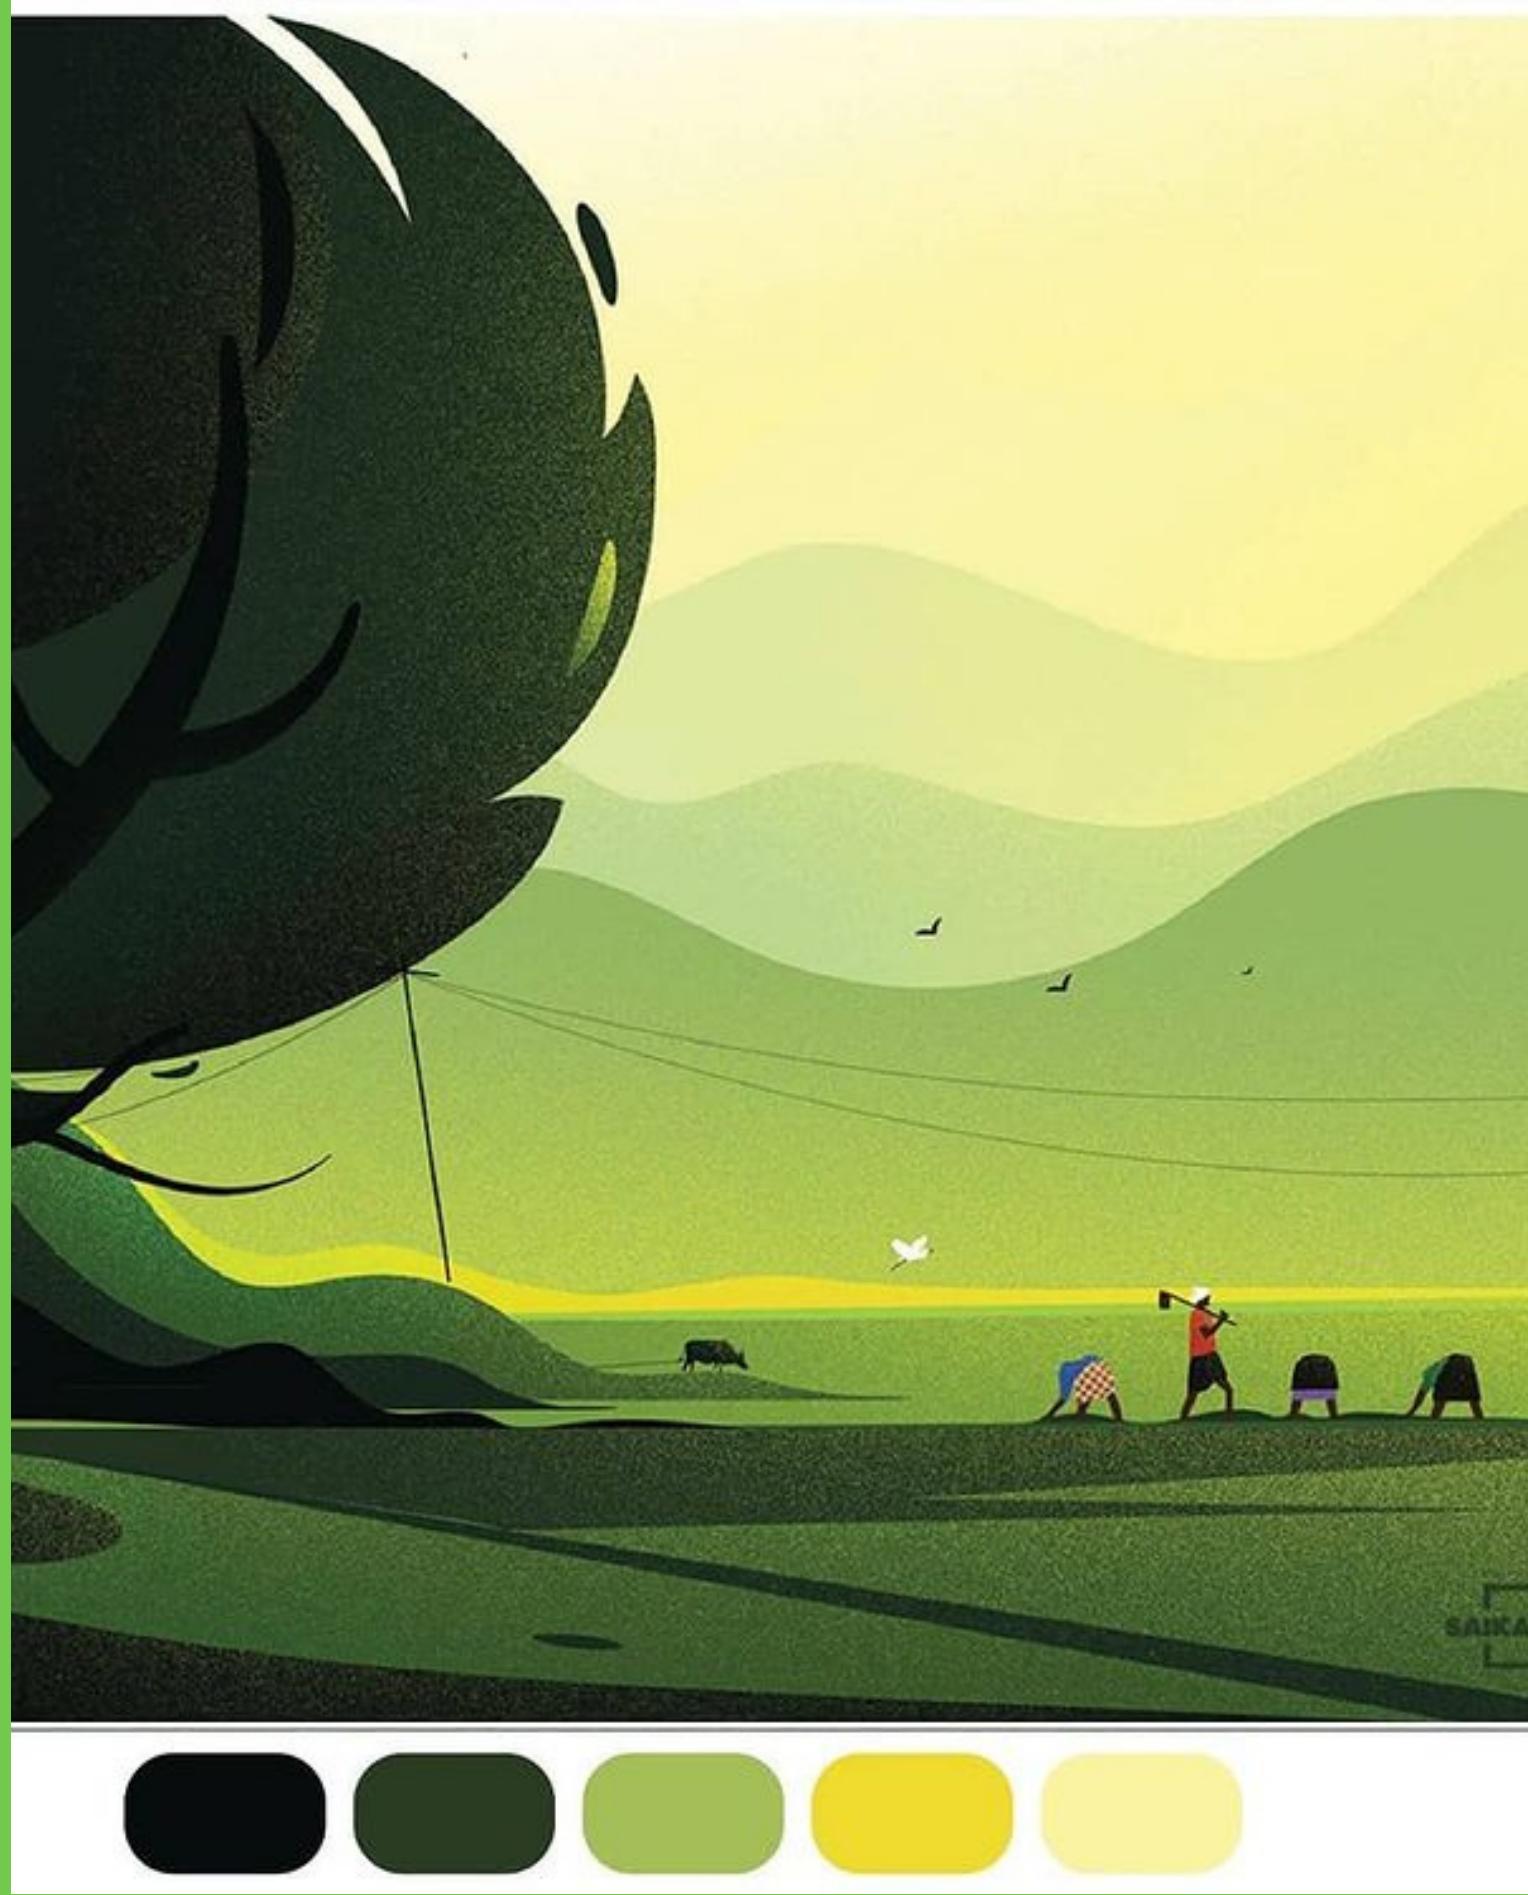

Saikat Bishal

CREATIVE DESIGNER

ABOUT ME

I am an undergraduate from NIT Jamshedpur who specializes in Graphic Design. I ace at Adobe Photoshop and Adobe Illustrator along with Autodesk Sketchbook. My works mainly come under the categories of Visual and Readable art forms.

Saikat Bishal

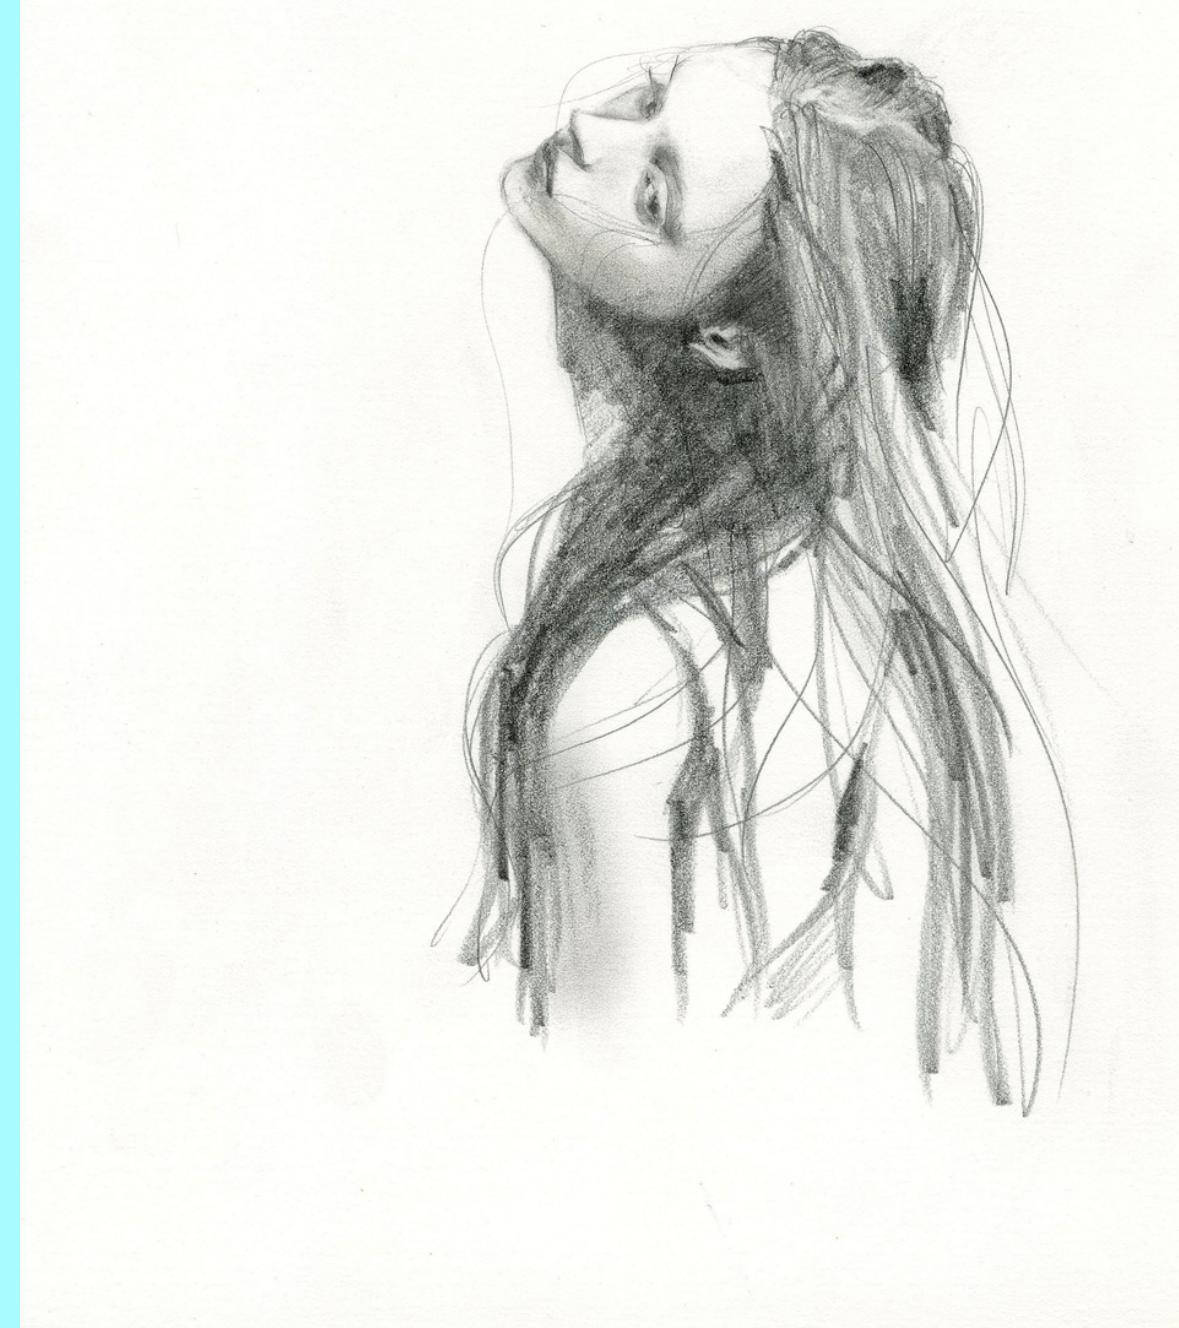

GRAPHIC DESIGNER

EXPERIENCE AND POSITIONS

- Creative Head at E- Cell
- Lead Illustration Artist at Phocus (photography club)
- Co-Founder and UI designer at Codesthaan
- Head Graphic Designer at Technica (Branch Fest)

Skills and Abilities

ADOBE ILLUSTRATOR

At present, I am honing my skills in Adobe Illustrator and almost all the recent posts on Instagram at least has some things made on Illustrator

ADOBE LIGHTROOM/PHOTOGRAPHY

There was a time when I tried my hands on photography and tried to be somewhat good at it. And what's professional photography without Lightroom!

ADOBE PHOTOSHOP

I started my creative journey (at least digitally) with Adobe Photoshop (made some horrible and then some good posters)

PENCIL SKETCH AND CREATIVE WRITING

This is the field where I get some real attention. And who doesn't want attention! I have clearly become better at both sketching and writing

MAD - AD COMPETITION (1ST YEAR)

Mad Ad was a competition of advertisement for a bag company. I was responsible for designing the poster and the logo of the company.

INSTAGRAM - CODESTHAAN (5000+)

Instagram's posts have successfully acquired more than 5000 followers

PHOCUS - SELECTED IN 4TH YEAR

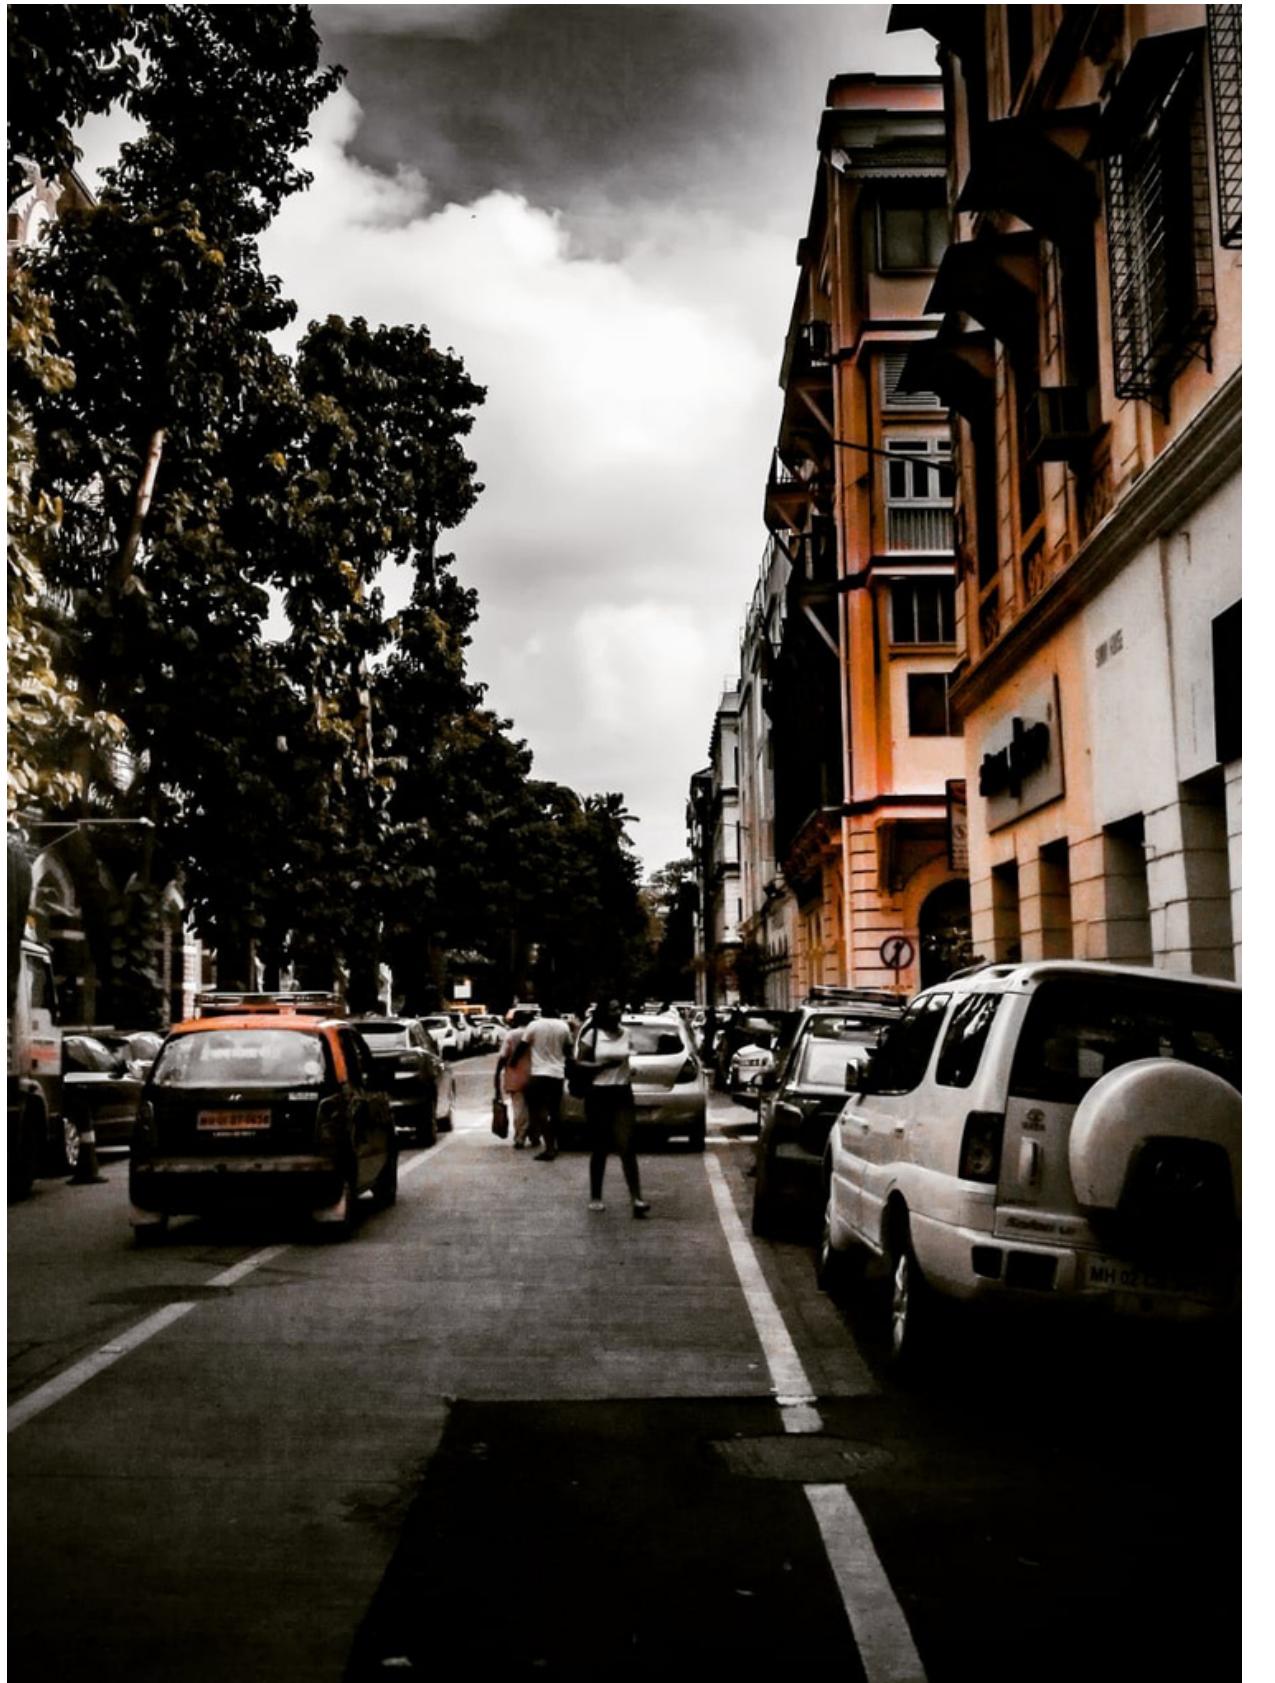

Inducted to Phocus in 4th year to showcase and induce creative talents to juniors

POSTER DESIGN IN PHOTOSHOP

Photoshop painting

Lightroom Editing

ARTWORKS I AM PROUD OF

Scenery and Color theory

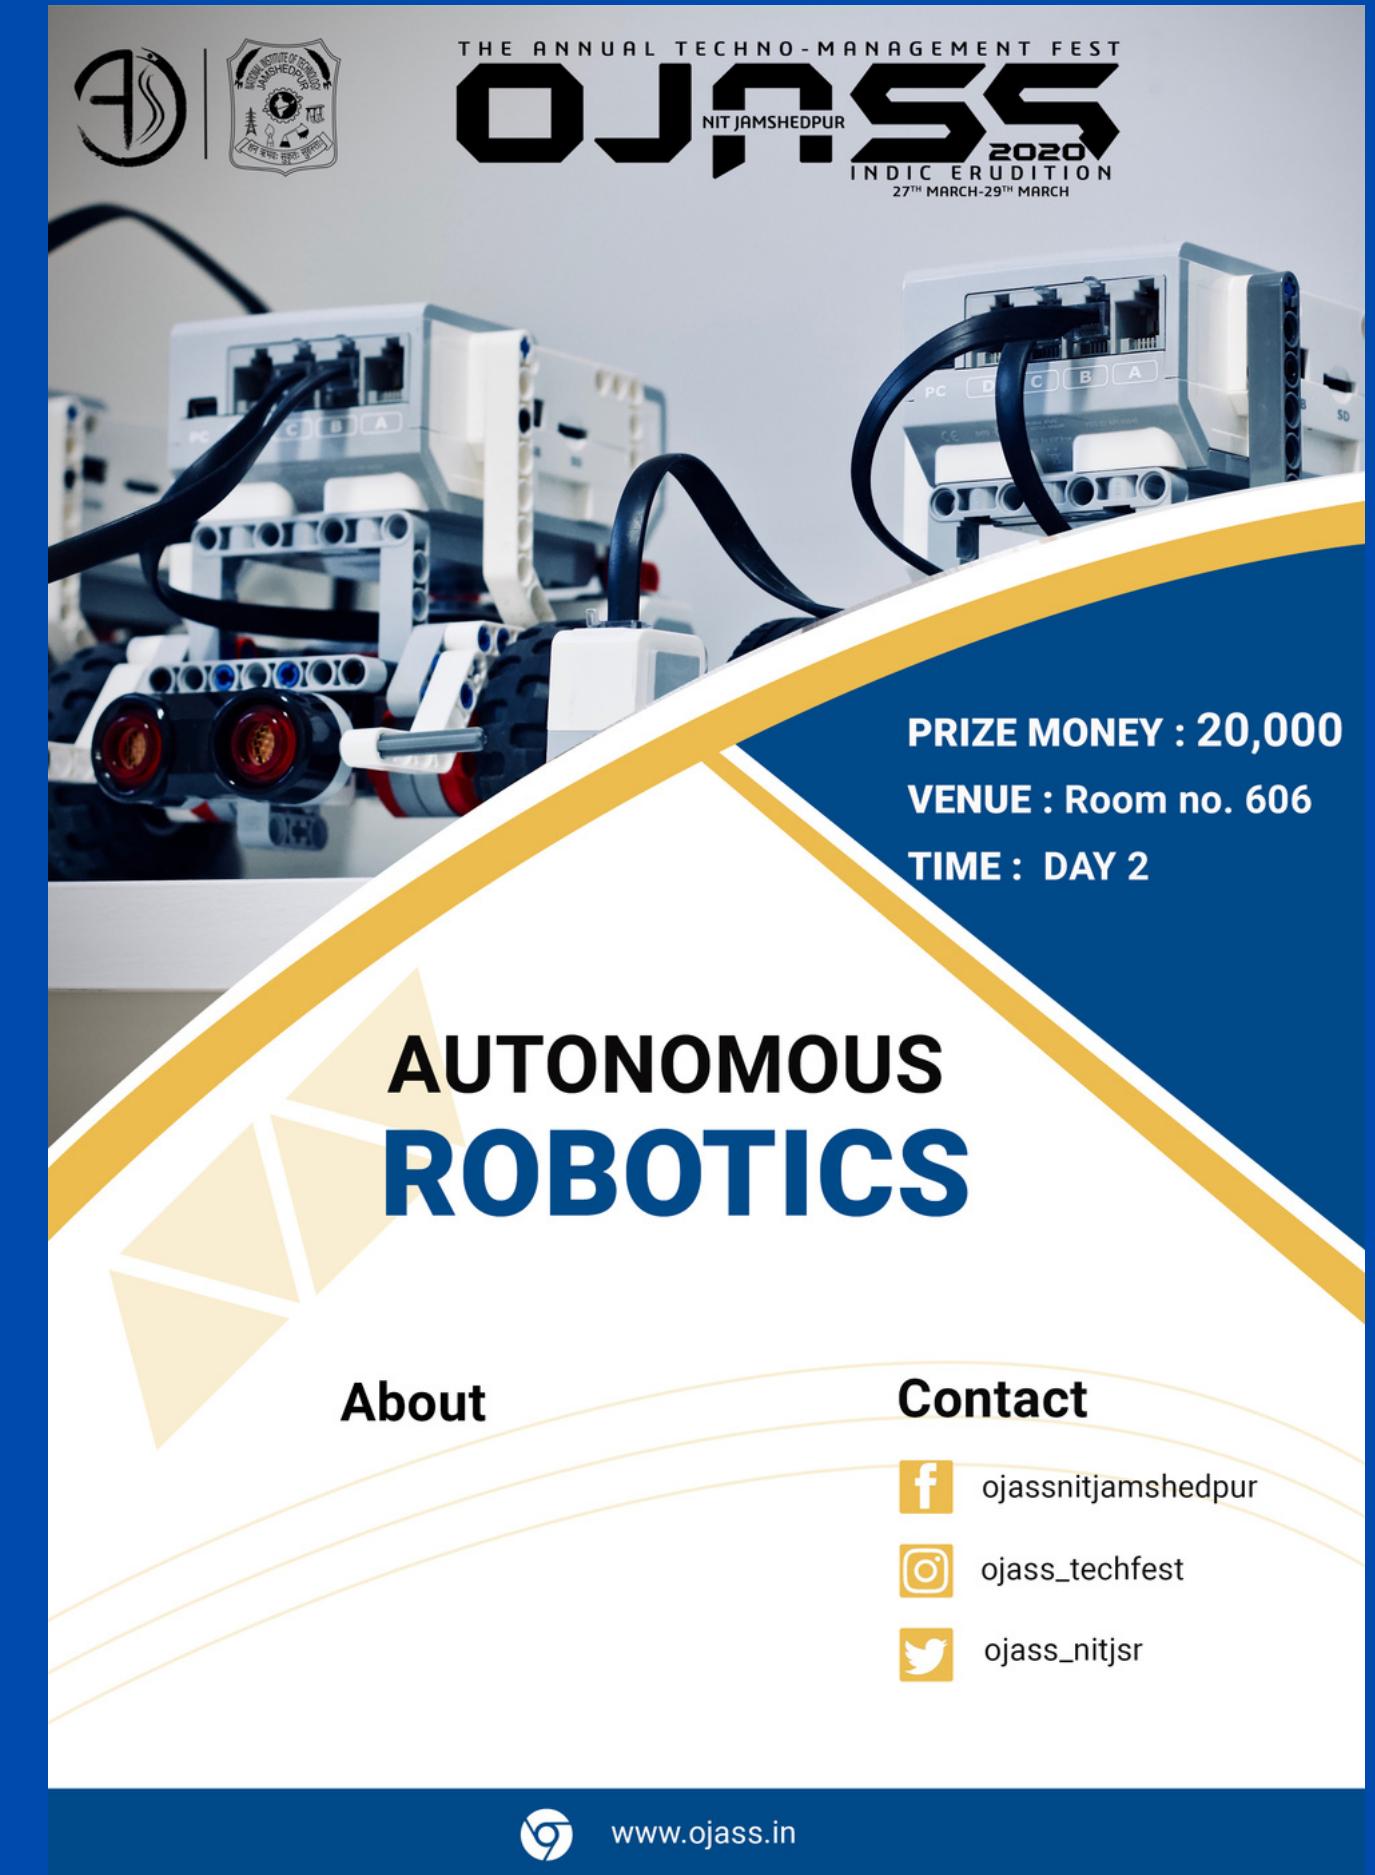

Poster and Banner Design

This is a poster design I made for Ojass Tech fest robotics competition. Blue color provides a sense of professionalism and competitiveness

POSTER DESIGNS - OJASS ROBOTICS

09

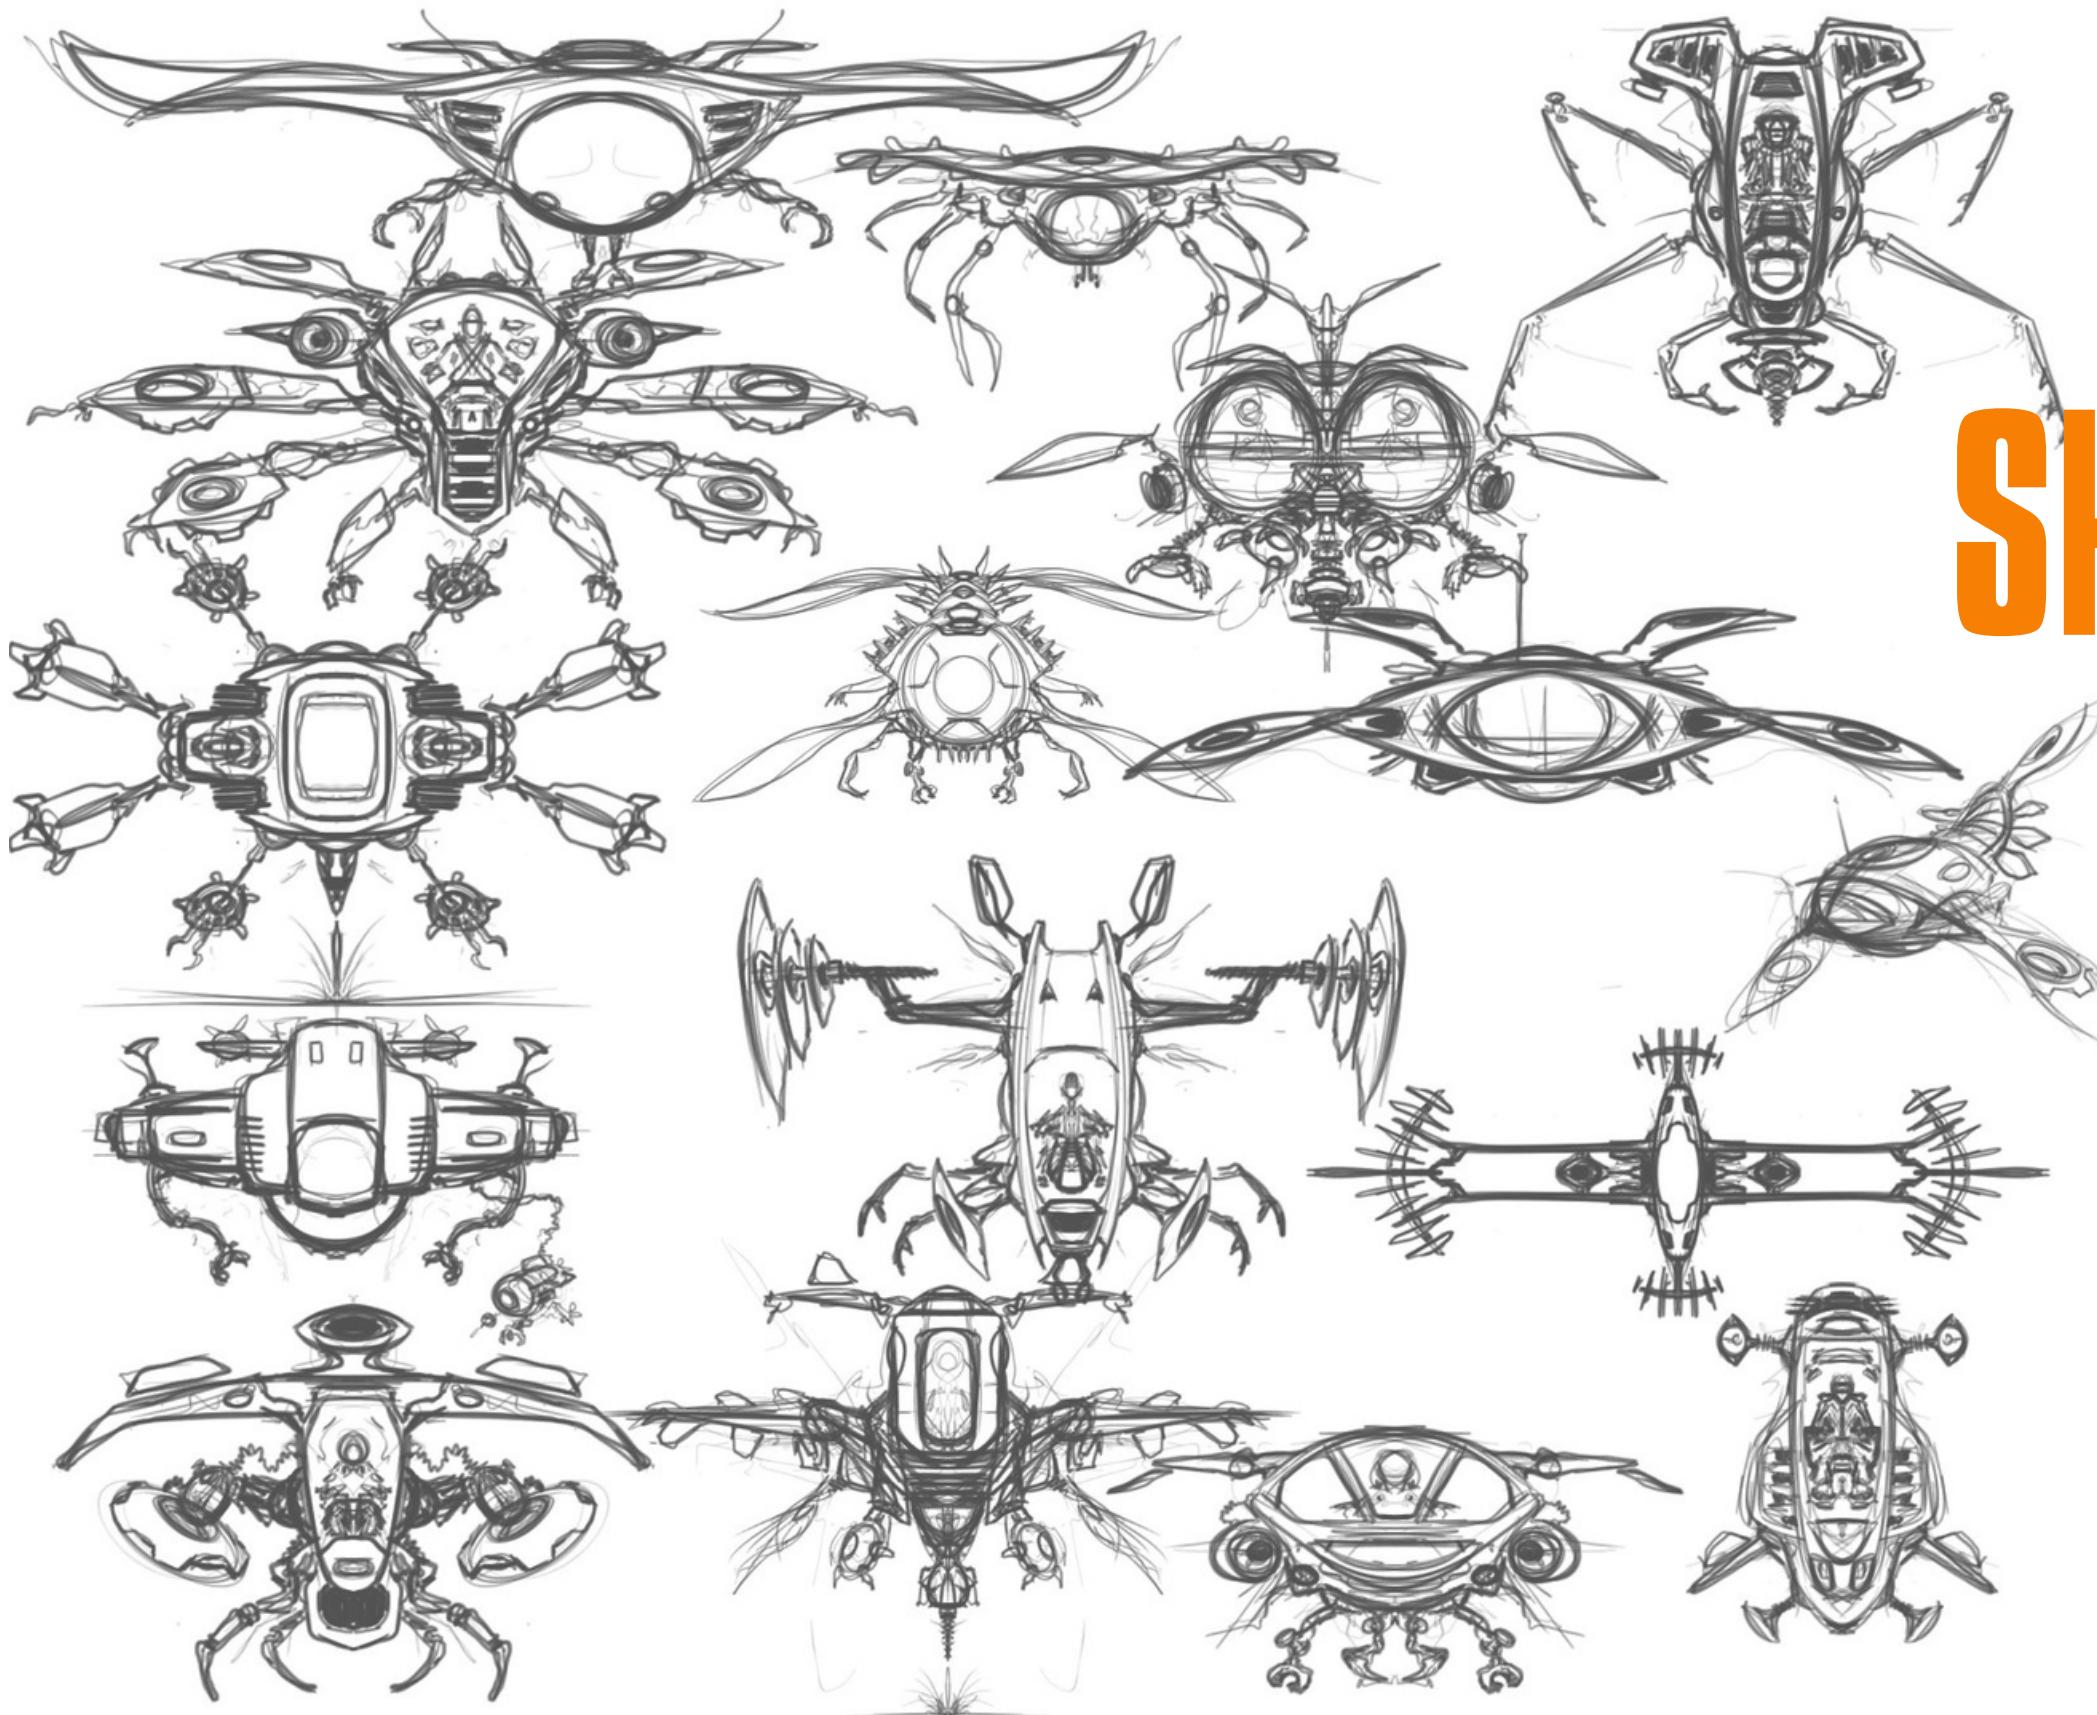

LOGO DESIGN

Well, the logo you see on the right side was designed by me. And the image you see in the background was clicked by me.

Codesthaan

Sketching

This may look like some pencil and paper art. Well, I have practiced a lot with my new pen Tablet.

LOOKS JUST LIKE PENCIL SKETCH .. RIGHT?

Funny concept art

STAGE 1 (CONCEPT SKETCHING)

Made just the outline details of the concept on **Photoshop**.(You know just the rough sketch)

STAGE 2 (INKING)

All the black colored outlines that you see were made in **Illustrator** in the nest stage.(It is easy to control the line width in illustrator)

STAGE 3 (COLORING)

For the final coloring (the blue, the red and the yellow) you see was done in **Adobe Photoshop**

Scenery ... again

I named this scenery -
running with the wolves
because I thought maybe
wolves could see such a
scenery somewhere

— 13

SCENERY - RUNNING WITH THE WOLVES

CHARACTER DESIGN

Rick Sanchez is the genius but Narcissist scientist who doesn't care about much. But I care about this job.

RICK SANCHEZ - RICK & MORTY

Illustrator Designs

Although I have not gone to Nainital myself, but I read a lot of travel blogs. This is what I think Nainital would look like. A surreal lake surrounded by heavenly mountains.

Presentations are communication tools that can be used as demonstrations, lectures, speeches, reports, and more. This is another poster from Ojass which was made as a part of a presentation which was used for advertisement.

OJASS FEST - AVARTAN POSTER
